UL[®] Recognizes Cim-Tek[®] Ethanol-Blend Fuel Filters up to E85!

Central Illinois Manufacturing Company's high bio-blended fuel filters (**Bio-tek[®]**) have officially been recognized by Underwriters Laboratories, Inc. (UL[®]) to handle Ethanol-blended gasoline up to and including 85%. This is a much awaited approval by Cim-Tek[®] and the entire petroleum industry. Now, fuel dispenser manufacturers will be able to complete their systems with UL[®] recognized fuel filters (**Bio-tek[®]**) designed for E85.
