

VIKING

Housings for Liquid Filtration

NEW

Central Illinois Manufacturing Co. offers an extensive line of new VIKING SERIES HIGH-FLOW HOUSINGS to help protect your equipment during high volume dispensing. The Vikings are available with filter elements or bag filters. We have a variety of media and micron ratings that are compatible with petroleum-based and hydraulic fluids. VIKINGS combine all of the state-of-the-art advances in liquid filtration to offer:

- ▶ **FILTER ELEMENTS OR BAG FILTERS AVAILABLE**
- ▶ **CONVENIENT HOUSING DRAIN**
- ▶ **COMPATIBLE WITH BIO-FUELS UP TO B100**
- ▶ **EPOXY COATING ON INSIDE AND OUT**
- ▶ **INCREASED FILTERING CAPACITY - Flow up to 500 gpm**
- ▶ **REMOVES CONTAMINANTS SUCH AS DIRT & RUST**
